LONDON MARKET.

estimated cost, \$97.

LONDON, April 28.-Money was in good demand and discount rates were firmer today. The bulk of the \$6,125,000 new gold offered in the open market was taken by the Bank of England. The latest developments in Albania caused uneasiness on the stock exchange. The market opened weak under local and continental liquidation, and there was a general setback in speculative issues while gilt-edged securities were sold in order to exchange into the Brazilian and

Chinese loans, which are expected short-The market closed weak and practically at the lowest point. American se curities opened irregular and dull. Active realizing followed and most of the list fell below parity before noon. New York selling caused further decline in the late trading, and the closing was easy.
